

MANUFACTURER CERTIFICATE

RS51, RS51+, RS52, RS54, RS55

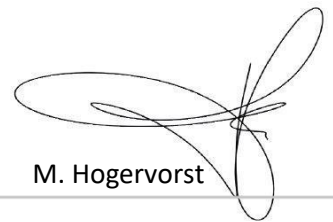

Altrex B.V. hereby declares that the products mentioned above, build and used in accordance with manual 760285-A-1021 comply with EN1004-1:2020 and EN1004-2:2021, with the exception of:

- EN1004-1:2020 section 7.4.1 for intermediate platforms. Due to the rung distance of 28 cm, the distance between hand and knee rail on intermediate platforms is 4 cm bigger. This poses no increased risk to the end user. If desired. Additional horizontals can be fitted to meet the criteria.

Reference number: 8028-RS5-2242-1

Valid until: 13-10-2023

Date: 13-10-2022
